CAREER OBJECTIVE

To use my knowledge and skills to contribute to the institute's growth while focusing on research and academic development.

EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
PhD	National Institute of Technology Karnataka, Surathkal	9.00	2020 - Present
M-Tech (Final Year)	Walchand College of Engineering, Sangali	7.93	2019 - 20
M-Tech (Aggregate)	Walchand College of Engineering, Sangali	7.80	2018 - 20
BE (Final Year)	VPKBIET, Baramati	70.60	2016 - 2017
BE (Aggregate)	VPKBIET, Baramati	61.03	2013 - 2017
Higher Secondary Certificate	Pune Divisional Board	65.33	2012 - 2013
Secondary School Certificate	Pune Divisional Board	81.09	2010 - 2011

PROJECTS

- Project 1: Result Management System** *December - 2015*
Tools : [PHP, MongoDB]
 - The Result Management System is a web application built with PHP and MongoDB, combining a dynamic backend with an interactive frontend. The backend leverages PHP to handle CRUD operations, connecting to a MongoDB database to store and manage student records, including names, roll numbers, and marks. The frontend, designed using HTML, and CSS provides a user-friendly interface for adding, viewing, updating, and deleting results.
- Project 2: Launched an Android application Freedom Fighters** *August - 2016*
Tools : [Android Studio]
 - An Android application has been launched featuring 57 Indian freedom fighters, each accompanied by a concise biography. The app serves as an educational resource, highlighting the contributions of key figures in India's struggle for independence. Users can easily navigate through the profiles to learn about the lives and sacrifices of these iconic leaders.
- Project 3: Automatic Question Generation System** *May - 2017*
Tools : [Java, MySQL]
 - The Automatic Question Generation System uses Java and MySQL to create questions from text documents through NLP techniques. The process involves stemming to remove suffixes, and summarization to eliminate stop words. In the noun filtering stage, nouns are identified from each sentence, which are then used to generate relevant questions efficiently.
- Project 4: Tilt Detection System** *December - 2018*
Tools : [Python language, Raspberry Pi]
 - A Tilt Detection System uses sensors to monitor the tilt angle of objects and transmit data via IoT for real-time analysis. For example, in an anti-theft application, a tilt sensor mounted on a parked motorcycle detects unauthorised movement or tilting.
- Project 5: "Deep Neural Network Model to Enhance the Quality of Low-Resolution Image."** *May - 2020*
Tools : [Python language]
 - This project enhances image resolution using a lightweight three-layer neural network, evaluated with PSNR. Implemented in Python 3.7 with Keras and OpenCV on an Intel Core i7 with 8 GB RAM, the model shows improved accuracy and visuals using the Flower_102 dataset.

RESEARCH AUTHOR IDENTIFICATION

- Google Scholar: [Priyanka Birajdar](#)
- ORCID iD : [0009-0008-1599-9394](#)

RESEARCH PUBLICATIONS

- EQLRI: Enhance the Quality of Low Resolution Image using Neural Network
- IQINN: Improve the Quality of Image by Neural Network
- Adaptive Workload Management for Enhanced Function Performance in Serverless Computing
- DCRDA: deadline-constrained function scheduling in serverless-cloud platform
- RUSH: Rule-Based Scheduling for Low-Latency Serverless Computing

RESEARCH AREA OF INTEREST

- Cloud Computing
- Serverless Computing
- Internet of Things
- Neural Network
- Image Processing

STRENGTHS

- Effective communication skills
- Positive attitude and strong work ethic
- Quick learner with adaptability
- Strong problem-solving and analytical skills
- Leadership and teamwork abilities

CERTIFICATIONS

- **Bharati Vidyapeeth, Pune, Certification 1** *Feb 2006*
- **Maharashtra Talent Search Examination, Certification 2** *April 2009*
- **Government of Maharashtra Drawing Grade Examination, Certification 3** *2008*
- **Government of Maharashtra Drawing Grade Examination, Certification 4** *2009*

- **ICDCN 2025, IIT Hyderabad**, [Certification 34](#) *Jan 2025*
- **Ministry of Culture, Government of India**, [Certification 35](#) *August 2025*
- **World Record Certificate**, [Certification 36](#) *Jan 2026*
- **Faculty Development Programme on Cybersecurity**, [Certification 37](#) *Jan 2026*

ACHIEVEMENTS

- [Achievement 1](#)
Secured third place in a poster presentation during a technical event organized by the Civil Engineering Department on February 24, 2017, at VPKBIET Baramati.
- [Achievement 2](#)
Successfully qualified for the Graduate Aptitude Test in Engineering (GATE) in 2018, conducted by the Indian Institute of Technology (IIT) Guwahati.

POSITIONS OF RESPONSIBILITY

- [Responsibility 1](#)
Successfully served as a volunteer at the 2022 IEEE 7th International Conference on Recent Advances and Innovations in Engineering, hosted by NITK Surathkal.
- [Responsibility 2](#)
Served as a core committee member for the Research Premier League (RPL) 2023, held from February 18 to 26, 2023, at the National Institute of Technology Karnataka.
- [Responsibility 3](#)
I effectively carried out the responsibilities of Research Scholar Representative for the Ph.D. program during the academic year 2022-23 in the Department of Computer Science and Engineering at the National Institute of Technology Karnataka, Surathkal.
- [Responsibility 4](#)
I effectively served as the class representative for the M.Tech batch of 2018-2020 in the Department of Computer Science and Engineering at Walchand College of Engineering, Sangli.

PROFESSIONAL EXPERIENCE

Designation	Institute	Duration
Assistant Professor (CSE)	B.M.S. College of Engineering, Bengaluru	2025 - Present

VOTE OF THANKS. . .

I express my sincere gratitude to my parents, teachers, friends, and well-wishers for their constant support, guidance, and encouragement, which have significantly contributed to my academic and personal development and motivated me to face challenges with determination.
